Q. Kota のおじさんは，AI 機器のおかげでどんなことができますか。

Tina
> Translation software is useful. I sometimes use it when I don't understand a Japanese phrase.

Kota
> I agree with Tina. I have an uncle who runs a Japanese restaurant. He's not good at speaking English, so he uses a translation device.
> Thanks to the device, he can easily interact with foreign customers who come to his restaurant. AI devices can help with many languages. Learning foreign languages might not be so important anymore.

Hajin
> I disagree with you, Kota. Translation devices are convenient, but I think learning foreign languages is still important. I want to be able to communicate by myself.

Q. Ms. Brown は，外国語を学ぶことはどんな体験だと言っていますか。

Ms. Brown

Kota raised an interesting point, but I agree with Hajin.

AI technology is progressing rapidly, and translation software is useful for exchanging messages.

However, I think learning foreign languages is still a valuable experience. It's an experience that will broaden your world view. You also learn more about your own language and culture.

Learning about each other's language and culture helps us have a better understanding of each other. What do you think?
