

Every year, our school has an entrance ceremony in April.

First-year students

wearing their new school uniform

feel excited and nervous when they come to our school for the first time. We felt that too.

Every year, our school has a graduation ceremony in March.

This year, we will graduate.

So, we are very sad.

The teachers will be sad too.

But, we are excited to go to high school.

We study hard to go to high school.

So, please support us!
