

Our school festival is held in November every year.
Our chorus contest is held on the school festival day.
First, we will introduce the school festival.
The performances that we want everyone to watch are dramas played on the stage in budojo.
They are improved by us.
They're very interesting so the local people enjoy watching them, too.
In the gym, there are many paintings that we painted in art classes, calligraphy, and things made of wood.
Second, we will talk about the chorus contest.
There is the gold prize, the silver prize, and the bronze prize.
The gold prize is the best of all.
We practice hard to win the contest.
Would you like to come to our school festival and our chorus contest?
