

Yamae Junior High School — FY2026 Grand Design

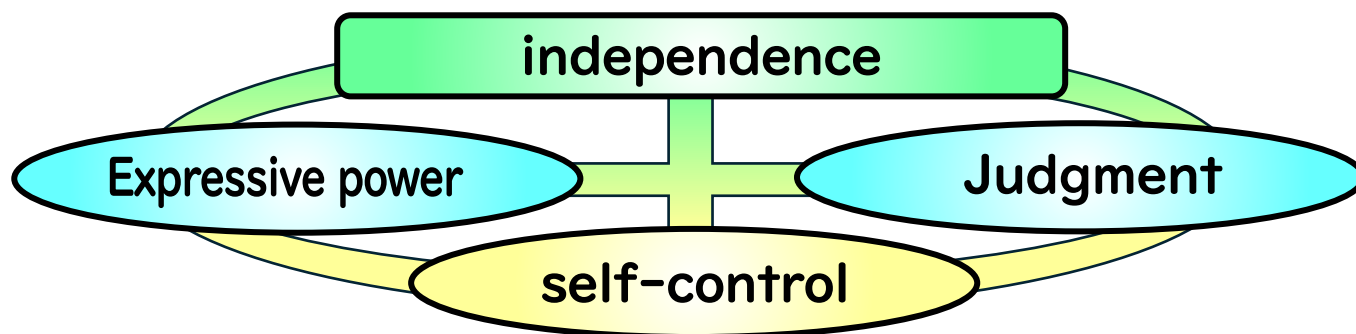

<Five Core Principles (Five Precepts)>

Independence (Jishu) Health (Kenko) Responsibility (Sekinin) Courtesy Diligence (Kinro)

School Educational Goal

Fostering students who have dreams, love their hometown, and strive for self-improvement.

Qualities and abilities to thrive in an era of rapid change

Instead of thinking about reasons why it can't be done, think about ways to make it happen.

Intellect

Solid Academic

- 1 Targeted initiatives to boost academic achievement
- 2 Consolidating self-directed learning skills
- 3 Enhancing Reading Activities

Virtue

Rich mind

- 1 Fostering an attitude of respect for others
- 2 Creating an environment based on the spirit of respect for human rights
- 3 Enhancing Educational Counseling

Body

Healthy Body

- 1 Fostering a healthy body and personal character
- 2 Promotion of health education
- 3 Thorough implementation of safety guidance

Creating a supportive atmosphere and a compassionate classroom that prevents bullying.

- The perspective of inclusive education
- The perspective of career education
- The perspective of well-being

Creating a distinctive school centered on collaboration between elementary and junior high schools.

- Promotion of Glocal Education
- Promoting digital transformation (DX)
- Promoting "Schools for the Future"

School's Fundamental Philosophy

Together with the community—letting smiles shine and making dreams a reality.

Smiling Schools make Happy People.

I am glad I studied at this school; I am glad I had my child study here; I am glad I worked here.
